What is Parkinson's disease?

Parkinson's disease is a chronic, degenerative neurological disorder that affects one in 100 people over age 60. Today, we understand Parkinson's to be a disorder of the central nervous system that results from the loss of cells in various parts of the brain.

As some of you may know, my Dad suffered from Parkinson's disease. It is not only a disease that affects the patient but also his/her family.

OUR GOAL: TO RAISE \$3,000 !

HOW ARE WE GOING TO DO THIS!!??? AS A PARROTHEAD TEAM!

ALONG WITH EARNING POINTS FOR NEXT YEARS BUFFETT CONCERT HERE ARE SOME MORE INCENTIVES!

Volunteers Needed: Of course, an event like this can't be successful without dedicated volunteers. I am hoping to have enough volunteers so that their time is limited to 1 hr. I am also looking for volunteers to help decorate the morning of the event. Members will receive points for volunteering!
